EcoCore Birch

Rubberwood Core

Made from Birch Rotary Cut AB Grade veneer pressed onto a Rubberwood plywood core, EcoCore Birch offers a perfect blend of durability, visual appeal, and sustainability.

Rotary Birch AB Grade panels feature a creamy white to biscuit coloured birch face with a straight grain and fine texture. The pre-sanded faces are ready for finishing, and the Clear Coated option is ready to install. Made from repurposed material, they're ideal for interior wall and ceiling linings, joinery and cabinetry.

PERFORMANCE

CARB EPA TSCA certificate

ISO 9001:2015

FSC certified

EcoCore Birch

Rubberwood Core

Rubberwood Core: A sustainable material sourced from rubber trees at the end of their latex-producing lifecycle. Rather than going to waste, these trees are harvested and repurposed into timber-based products, supporting responsible resource use and environmental conservation.

FEATURES

- Birch Rotary Cut AB Grade Face Veneers
- Rubberwood plywood core
- Available Uncoated or pre-finished with a Clear Coat
- Colour can range from creamy white to biscuit
- Straight grain and fine texture

BENEFITS

- Uncoated – Pre-sanded faces take stain, polyurethane, oil and paint well
- Clear Coated – ready for installation
- Strong, stable and durable
- Re-purposed material

DIMENSIONS

Sheet Size	Thickness
2440 x 1220 mm	12 mm (1 Face/1 Back)
2440 x 1220 mm	18 mm (Face 2 sides)

Note: The 12mm EcoCore Birch has a lower grade back.

SCOPE

- Wall and ceiling lining
- Joinery and cabinetry

Note: For interior use only.

Postal address: Skape Panels Limited,
34 Leonard Road, Mt Wellington, Auckland 1060.
