

Radiata BB

Non-Structural

Radiata B/BB plywood offers a smooth, high-quality sanded face with a natural, refined timber look, making it ideal for visible interior applications.

Radiata B/BB offers a consistent finish and reliable panel construction that provide both visual appeal and dependable performance, allowing it to slot seamlessly into a wide range of applications. Radiata B/BB is commonly used for wall and ceiling linings, furniture, cabinetry, joinery projects, shop and vehicle fitouts, and general DIY work—anywhere a clean, attractive timber surface is desired.
