

SkapeWalnut

Crown Cut

Made from Crown Cut AB Grade American Walnut veneer pressed onto a Rubberwood plywood core, Skape Walnut CC offers a perfect blend of durability, aesthetics, and sustainability.

The Crown Cut Walnut veneer features a rich, warm aesthetic, with its distinctive grain pattern enhancing the natural character of the wood. The pre-sanded faces are ready for finishing, and the Clear Coated option is ready to install. Made from repurposed material, this veneer is ideal for joinery and cabinetry applications.

PERFORMANCE

CARB EPA TSCA certificate

ISO 9001:2015

FSC certified

SkapeWalnut

Crown Cut

Rubberwood Core: A sustainable material sourced from rubber trees once their latex production cycle ends. Rather than going to waste, these trees are harvested for furniture and other products, supporting environmental conservation. Known for its strength and durability, rubberwood is a popular choice for interior linings, cabinetry and joinery.

FEATURES

- Available uncoated and UV clear coated
