EcoCore Oak

Crown Cut

Made from American White Oak Crown Cut AB Grade veneer pressed onto a Rubberwood plywood core, EcoCore Oak CC offers a perfect blend of durability, aesthetics, and sustainability.

Renowned for its warmth, elegance, and rich character, American White Oak Crown Cut features a striking cathedral grain with bold arches and graceful, flowing lines. The pre-sanded faces are ready for finishing, and the Clear Coated option is ready to install. Made from repurposed material, they're ideal for interior wall and ceiling linings, joinery and cabinetry.

PERFORMANCE

CARB EPA TSCA certificate

ISO 9001:2015

FSC certified

Skape. PANELS

EcoCore Oak

Crown Cut

Rubberwood Core: A sustainable material sourced from rubber trees at the end of their latex-producing lifecycle. Rather than going to waste, these trees are harvested and repurposed into timber-based products, supporting responsible resource use and environmental conservation.

FEATURES

- American White Oak Crown Cut AB Grade Face Veneers
- Rubberwood plywood core
- Available uncoated and UV clear coated
- Light golden brown in colour
- Cathedral grain pattern with pronouced arches and smooth, flowing lines

BENEFITS

- Uncoated – Pre-sanded faces take stain, polyurethane, oil and paint well
- Clear Coated – ready for installation
- Strong, stable and durable
- Re-purposed material

DIMENSIONS

Sheet Size	Thickness
2440 x 1220 mm	12 mm (1 Face/1 Back)
2440 x 1220 mm	18 mm (Face 2 sides)

Note: The 12mm EcoCore Oak CC has a lower grade back.

SCOPE

- Wall and ceiling lining
- Joinery and cabinetry

Note: For interior use only.
